

An educational trip was organised by the Education department of Haryana for the top 100 students of Govt Schools from 15.09.19 to 19.09.19. 10 students of SRS also got the opportunity to attend this trip.

The purpose of the trip was to increase the student's interest in law of nature and to develop the understanding of role of science in environment.

During the camp, the students visited Kapurthala and Pushpa Gujral Science City. There they got the knowledge about 3D films, Chandrayaan Mission, formation of human body, space missions, Robot Working etc.

They also visited Jalianwala Bagh, Golden Temple, Wagha Border, Sukhna Lake, Rock garden and museum of Art and Craft situated in Chandigarh. On the 5th day, they travel back to their home.

The trip was really very helpful to groom the personality. Students enjoyed and learnt a lot from this trip.
