

Legal Awareness Campaign on Juvenile Act 2015 and POCSO Act 2012

SRS has always strived hard to promote Legal awareness among the staff and students.

A Legal Awareness Campaign on Justice Juvenile Act 2015 and POCSO Act 2012 was organized at the school. Advocate Mrs. Kiran Jangra, resource person associated with District Legal Services Authority, shared various provision of these acts with the students. She elaborated in detail about the role of police, parents, administration, social workers etc. in the context of both acts. She also assured students that the administration is always ready for their help. She said that to prevent crime, first of all it is necessary for us to be self-aware. Even after this, if unpleasant situations arise and a crime takes place, we still have to fearlessly approach to parents, teachers, police or call the child helpline number (1098).

The program was presided over by worthy Principal Ma'am Mrs. Sangita Das. She also guided students about their rights. To make the learning more meaningful and permanent, she asked students to make a human chain in the form of 1098 digits, so that they can always remember this number and can use it whenever required. Under this campaign, students participated in many activities like poster making, slogan writing etc. At last, Principal ma'am honoured advocate Mrs. Kiran Jangra by presenting her a memento and thanked her for imparting the valuable information among students; and making them aware of their rights and duties.

Awareness camp on JJ Act and POCSO Act in Sarvepalli Radhakrishnan Lab School
