

Seminar on Drug Free Haryana

An awareness seminar was organised in the campus of Sarvepalli Radhakrishnan Lab School, Bhiwani on 11 September 2023 under the Drug Free Haryana campaign; to eradicate drug menace in the state. To take this campaign forward, Dr. Ashok, Sub Inspector, Haryana Police visited the school and made the students aware of drugs and ill effect of drugs. He said, "Drug epidemic has become a serious challenge for the society. The future of the Nation is also in the danger; if the youth is led astray by the drug- peddlers. The youth who are the future of the country are losing their talent due to addiction." The young generation of the country contribute largely to the increasing rate of druggist. He further said if students were taken care at young age, they could be protected from the side effects of the drugs. He apprised the students about different types of drugs and how it causes harm to the human body. He explained various type of remedies to avoid the drug-addiction and encouraged them to focus on their education and health to contribute for the development of the nation. During the session students were made to swear an oath that they would never consume drugs and would also inspire others not to consume drugs. If they see someone consuming drugs they would encourage him to get treatment from rehabilitation centres and would also inform to the helpline number (9050891508) of Haryana Narcotic Control Bureau. He also motivated students to make healthier and drug free nation. At last, respected Principal madam Ms. Sangita Das honoured Dr. Ashok by presenting him a memento and thanked him for sharing such wonderful information with students of SRS about drugs; and motivating them to identify their individual and collective role in eradicating drug menace.

Jai Hind!
