

## State Level Declamation Competition

Declamation is a rhetorical exercise that aims at exploring and encouraging public speaking in students and give them a platform to showcase their talent and to express their thoughts on different subjects.

A state level declamation competition was held in Kurukshetra and a student of our school named, Neetika D/. Sh. Ram Partap of grade XII participated in it. She presented her views on the topic 'Social Media' and extracted that social has its own set of perks and shortcomings.
