

Vedic Maths Quiz Competition

One of the great things about Vedic Maths is that the calculations can generally be done from either direction.

Experience says learning a subject can be made easier and enjoyable if our curriculum includes various activities and games related to that subject. These activities encourage, attract, alert and bring in an open-minded attitude among youngsters which help them to develop clarity in their thinking.

As a part of extended learning a district level Vedic Maths quiz competition was held at DIET, Bihri Kalan(Dadri) on 25.03.2021. Three students of our school named Anshul from class 6, Daksh from class 7 and Ritvik from class 8 participated in this contest. They manifested their expertise exceptionally well and bagged the 1st position. They got a cash prize of ₹ 250 each. Honourable chairman of BSEH Sh.Dr. Jagbir Singh ji, worthy secretary of BSEH Sh Rajiv Prasad ji and SRS family congratulated the students and wished them good luck for their future.
