E. SCOPE OF WORKS (JAMMER SERVICES)

Supply & Installation :- SUPPLY, INSTALLATION & CONFIGURE THE REQUIRED NO. OF SIGNAL JAMMERS AT EXAMINATION CENTERS TO COMPLETELY BLOCK ALL COMMUNICATION SIGNALS INCLUDING CDMA, GSM, 2G, 3G, 4G, 5G, WIFI, BLUETOOTH ETC..

I The agency shall supply, transport, install, test, operate, monitor and remove the number of approved signal-jammer units required at the examination centers and during the time windows specified in the Board's deployment plan/work order.

II The agency shall deploy only equipment and configurations expressly permitted by the Department of Telecommunications (DoT) and any other competent authority. The agency shall obtain and maintain all licenses, written permissions, NOCs and clearances required for possession, installation and operation before deployment. No equipment shall be operated unless the required written authorization is in force.

III The agency shall ensure reliable operation throughout each authorised examination window, including adequate suitable trained on-site technical staff to operate & monitor the jammers during the entire duration of the exam, spare equipment and an escalation/contact mechanism. The agency shall immediately stop operation if directed by the Board or a competent authority.

IV The agency/firm/bidder will have to ensure to block the required band width/ signals.

V The required service coverage, bands and operating parameters shall be those expressly approved in writing by the competent Government/telecom authority for this procurement.

VI All equipment shall be fit for the intended authorized use, maintained in safe working order, and deployed in accordance with the written permissions, manufacturer instructions and applicable law. The bidder shall not interfere with public networks or services beyond the scope expressly authorized by the competent authority.

VII The installation and testing of all signal jammers shall be completed at least 24 hours prior to the commencement of the examination.

VIII Multiple examination centres may be located within a single city. The number of candidates at most examination centres is approximately 312. The final list specifying the examination centre allotted to each candidate shall be provided to the firm after the issuance of the work order.

IX Normally, 24 candidates shall be seated in each examination room.

X. One signal jammer shall be installed in each examination room, the Control Room (i.e., the room of the Centre Superintendent), and the washrooms of each examination centre. The equipment shall remain operational only during the authorized examination period and in accordance with the applicable permissions.

XI The agency/firm/bidder shall be responsible for ensuring compliance with the authorized technical and operational requirements for the control of electronic devices, including mobile phones, cellular communication devices, Bluetooth devices, and other electronic devices, within the examination premises. Upon completion of the examination, the agency/firm/bidder shall submit a certificate specifying the frequency bands operated upon, strictly within the scope of the written authorizations granted by the competent authorities.

XII The agency/firm/bidder shall be responsible for obtaining all applicable permissions, No Objection Certificates (NOCs), clearances, and approvals from the relevant departments and competent authorities before commencing any authorized signal-jamming services for the Board of School Education Haryana (BSEH).

XIII Any change in the spectrum, technology, equipment, or operating configuration during the contract period shall require prior written approval from the Board and, wherever applicable, the competent Government/telecom authorities. Nothing in this tender shall be construed as an automatic authorization or obligation to operate on any additional frequency band or spectrum.

XIV The agency shall maintain adequate backup equipment throughout the authorized examination period to ensure service continuity. Before each examination session, the agency shall conduct and document functionality checks in accordance with the procedures approved by the competent authority, ensuring that such checks do not cause unauthorized interference with public networks or services.

F. Eligibility Criteria (Documents should be attached by the Bidders)

Bidders shall submit the following documents along with their bids:

1. A copy of the tender fee deposit receipt and the Earnest Money Deposit (EMD) receipt, as applicable.

6. A copy of a valid ISO 9001:2015 or ISO/IEC 27001:2013 certification, as applicable, issued in the name of the bidding firm.
7. The bidder shall not have been debarred or blacklisted by any organization, Board, Council, University, Commission, Government department, or Government undertaking on account of non-performance or unsatisfactory performance of its contractual obligations. The bidder shall submit a notarized affidavit on non-judicial stamp paper of ₹100, declaring that it has not been debarred or blacklisted by any of the aforesaid entities.
8. The bidder shall have successfully executed similar signal-jammer deployment contracts or services for at least three major examinations conducted by Central or State Government bodies. Documentary evidence, in the form of successful completion certificates issued by the respective authorities or clients, shall be submitted along with the bid.

9. Consortiums, joint ventures, and outsourcing arrangements of any kind shall not be permitted under this tender. Bids involving such arrangements shall be rejected. The bidder shall submit a declaration confirming compliance with this requirement.
10. A copy of the fee receipt for the *Society for I.T. Initiative Fund for e-Governance* shall be submitted along with the bid.
11. The bidder shall submit any other certificates or supporting documents required to demonstrate compliance with the technical specifications and eligibility requirements specified in the tender document.

G. Technical requirement of Jammer Authenticating Agency:

(i) The agency shall have the capacity to deploy approximately 8,500 signal-jamming units, along with an adequate number of trained personnel, to meet the requirements of the examination.

(ii) The equipment shall support the communication technologies and frequency bands expressly authorized in writing by the competent Government/telecom authorities for this procurement. These may include CDMA, GSM, 2G, 3G, 4G, 5G, Wi-Fi, and Bluetooth, subject to applicable permissions and technical authorizations.

(iii) The equipment shall comply with all applicable safety standards, exposure limits, and regulatory requirements to ensure the safety of examinees, invigilators, examination staff, and other persons present at the examination centres. The bidder shall submit relevant compliance certificates and supporting technical documentation, wherever applicable.

(iv) The equipment shall provide adequate coverage of the designated examination rooms and halls within the authorized area. The bidder shall ensure that the equipment is configured and operated in accordance with the approved technical parameters and does not cause unauthorized interference with communication networks or services outside the authorized premises.

H. TERMS AND CONDITIONS
