PART C – PROJECT WORK

Project Work Guidelines

Students would prepare only ONE project in the entire academic session.

Detailed guidelines for project work are as follows:-

Students need to create one specific project only in which they would be required to cover the company profile, assessment of financial statements, and specific report analysis.

The main objective of preparing the project report is for the following reason:

1. Students are able to state the meaning, objectives, and limitations of financial statement analysis.

2. Study the proper use of different tools of 'financial statements analyses' like Ratios and Cash flow statement.

- 3. Capable to calculate different types of ratio's and there uses.
- 4. Understand the Meaning, objective, advantage, and limitation of Accounting Ratios.
