Respected Sir, I am writing this letter to draw the attention of the education department authorities to the unfair behaviour of students in the examination hall. The use of unfair means by students in examination is also a major concern for teachers. Unfair ways in exams</p>	10

have been increasing over the years. Students start arming themselves for this long before the exams. They prepare chits for all questions. Some carry micro copies of reference books with them. There is no doubt that the teacher or the examiner takes sudden action against them but still worries about the audacity about cheating in the exam. Some students keep a chit in a shoe or compass box or write the answers on a piece of cloth. But still there is no shame on their face. One wonders that purpose is served by taking such exams. Through your esteemed daily I would like to spread these views of mine toward the higher authorities to overcome this issue. Thank you
Yours sincerely

Respected Sir/Madam,

I am _____ (Name) and I am a student of class _____ (Class) division _____ (Section/Division) of your school having roll number _____ (Roll Number) and I am writing this letter on behalf of my class.

Due to the non-availability of a dispensary in our school, we have to go outside campus every time to _____ (get medicine /in case of emergency/for first aid/any other) which is very time-consuming and also difficult for the ill students to walk such a long distance. Therefore, we request you to kindly open a dispensary on our campus so that in case of an emergency the student can get medicine and first aid from the campus itself. This would help us in saving time and getting better on the campus itself.

Kindly consider this problem and take some necessary action.

Thank you

Yours sincerely

C. The Person I dislike Most

Sandeep, a fellow student, is someone I strongly dislike due to his bad **habits**. He possesses behaviors that are bothersome and **unpleasant** to be around. He often engages in disruptive actions during class, causing distractions and hindering the learning **environment**. Additionally, Sandeep has a habit of being disrespectful towards both teachers and peers, which creates tension and negativity. His lack of **discipline** and disregard for rules further adds to my disapproval. Interacting with Sandeep is challenging and unpleasant, as his actions impact the overall classroom experience. However, despite my dislike for him, I try to maintain a sense of understanding and focus on my own growth and positive relationships. It's important to remember that everyone has their own struggles and challenges, and perhaps with time, Sandeep can change his ways for the better.
